

LIVING CARE HOME SERVICES

... is committed to assisting families in finding compassionate, reliable, and affordable care for loved ones in the safety and comfort of their own home.

Services Include:

- Companionship
- Personal care such as bathing, dressing, getting in and out of bed
- Hourly or Live-In
- Overnight Care
- Hospice Care
- Meal Preparation
- Light Housekeeping
- Errands and Shopping
- Transportation to Appointments
- After Surgery/Illness Transition Care
- Caregiver Relief
- Other Services as Requested

All services are tailored to the individual or family seeking care. We are dedicated to creating availability of services needed, rather than having a family or individual fit into services advertised.

An Ombudsman is a person who investigates complaints, reports findings and helps to resolve problems. To contact your local county Ombudsman call:

WHO WE ARE

Living Care Home Services has been serving your community since 2001. We are dedicated to providing compassionate, reliable, affordable in-home care.

Our purpose is to enable our clients to remain in the comfort of their own home and be safe and well cared for by compassionate and skilled caregivers. Our goal is to make life as fulfilling and comforting for you as we would for our own family members.

We fulfill client and family needs and we realize that over time, those needs may change. You remain in charge of the time and services you require. We will consistently respect your decisions regarding your care needs including developing and revising services tailored to meet those needs.

Living Care Home Services strives to treat all families with the respect, dignity and compassion they deserve. Our caregivers do this type of work because they feel they were called to fulfill this need. Retaining good caregivers means providing good care.

We help you celebrate life!

A CARING FAMILY

We are family owned and family oriented. We live here, work here, and we're invested in your community. Our president, Sean Lynch, has over 35 years of experience in the healthcare field. His understanding, caring and compassion drive him to ensure the best quality of care for all our clients.

Family values are especially important to our family of staff. All our caregivers are highly skilled, dedicated, and compassionate. They care for, and about, their clients.

We are an Equal Opportunity Employer Company. All our caregivers undergo extensive interview and background checks. Caregivers receive ongoing training and support to ensure their competency. All of our caregivers are covered under the company's Professional and General Liability Insurance plan. All caregivers are responsible to pay federal, state and local taxes. We are dedicated to using only the most responsible and compassionate caregivers available.

Our caregivers really care!

HOW WE HELP

We perform PA State criminal and/or FBI background checks in addition to a minimum of two satisfactory professional reference checks. Every caregiver is interviewed by our president or the care manager. We consider our staff to be the best in the Northeast.

We not only meet with the client but also the family members. This gives you a chance to get to know us—who we are, our philosophy, how we will meet and hopefully surpass your expectations. At the same time, we get to know you—what skills you need, and even more importantly, who you will need. We select your caregiver based on skill level and personality match. We go through this process in order for you to feel confident in our selection and comfortable with your caregiver.

We are here to help you decide whether you need an hour a day, several hours a day or 24-hour live-in care. Please call us. We take the worry out of caring for someone you love.

▶ We specialize in 24 hour live-in services and Hospice care.
